

## How do I use Subtitles?

1. Switch on the Homecast PVR and wait for a picture to show on the screen. If a picture doesn't appear, your PVR may need to have the TV channels scanned first – See “How do I do a Channel Scan?”
2. Press the Red Opt button
3. Use the ◀▶ ARROW buttons to select Subtitle on the base of the dialog
4. Use the ▲▼ ARROW buttons to highlight English and press OK.

5. You should now see subtitles (if they are available for the current program).

*Note: The subtitles may take up to 30 seconds to appear on screen.*

6. To disable subtitles, follow steps 2-4, but select Off instead of English.
